Supervisor Edition

Supervisor optimized edition designed for high volume Call Center supervising staff. Greater efficiency for both, Agents and Supervisors.

Desktop Communicator Key Features

Technological upgrade - A modern office communications system, while retaining the classic phone system experience.

Smooth communication - Enjoy high quality calls, faxing, instant messages, seamless contact entries and voicemail inbox GUI.

Standardized controls - Call-related actions can be controlled using the desk phone, are intuitively on screen.

Improved Efficiency - Increased efficiency in business communications means more time on higher value initiatives.

Connections management - Keep your PBX, Outlook, Google and Apple contacts in an intuitive Click-to-Dial interface.

Availability control - Plan phone calls, control your time and define availability with the Presence Panel.

Simplified setup - Reduces the time and knowledge required to setup and use. (from download to call in less than 5 minutes!)

Instant deployment - Easy to deploy on a large scale almost instantly, using Microsoft Installer and Silent Install features.

Increased productivity - Features are tools designed by users for users to save time, lower the costs and reduce stress!

Monthly Savings with Qzip

Qzip is a clear choice when it comes to value

Monthly Cost per Phone Compared For Unlimited Calling and Long Distance Business plans

AT&T	Comcast	Vonage	Qzip
All Distance Package	Full Featured Line	Business Premier	Premium Plus
\$59/mo.	\$59.95/mo.	\$39.99/mo.	\$19.99/mo.

First year cost of ownership

The average total cost of ownership for a traditional in-house phone system can be much more than most consider.

First Year Estimated Total Costs

Traditional Closet PBX		Qzip Cloud PBX	
Server Cost	\$ 1,500	Server Cost	n/a
10Desk Phones	\$ 1,590	10Desk Phones	\$ 1,590
Closet Build-Out	\$ 700	Clost Build-Out	\$ 600
Setup Fees & Training	\$ 500	Setup Fees & Training	\$ 350
Licensing and other Fees	\$ 500	Licensing and other Fees	n/a
Increase in Electric Bill	\$ 300	Increase in Electric Bill	n/a
20Cable Runs (1 phone / 1 pc)	\$ 2,000	10Cable Runs (single cable for both)	\$ 1,000
5*AT&T Lines (~\$59/mo.)	\$ 3,540	10**Qzip Lines (\$19.99/mo.)	\$ 2,398
* Maximun active lines = 5		** Maximum active lines = 20	
Total:	\$ 10,630	Total:	\$ 5,939

During the first year alone, Qzip is ½ the price!

Freedom from your desk phone

With Qzip, it possible for you to roll out your phone system without any desktop phones or cabling! If you have solid WiFi, or existing quality internet connectivity for your computers, simply install our full-featured desktop and smartphone communication software, put on your headset and start dialing!

Imagine having a new phone system today, with as many users as you want, complete with all the features for a one-time setup fee of \$35/user, and then just \$19.99/month per user!

Great Customer Service
